**The German Occupation of the  
Channel Islands in WW2**

Colonel James Porter is a lifelong military historian who retired in 2011, having served for 41 years in the army.

He has a total of 29 different talks listed on his website, although he tells me that this is his most popular one. He comes highly recommended by the programme secretary in Rhinefield Probus Club who says 'it was a really excellent presentation and although he went well over his time, nobody minded!'
