Model Village

Birdland

Birdland
A natural setting of woodlands, river and gardens with over 100 birds, including European species and native birds of the island of Ireland. **Thames Valley**

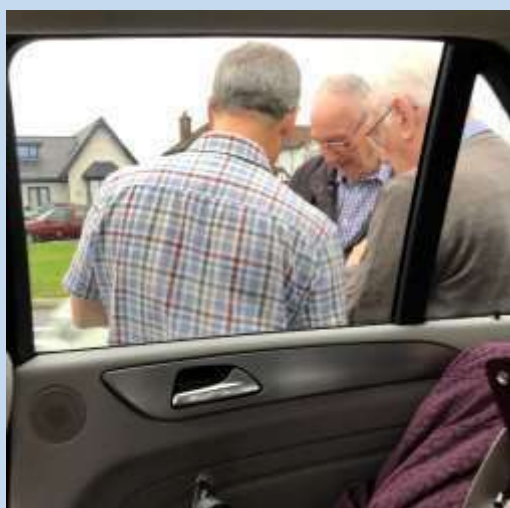

This is my Car!!!

Gloucestershire Warwickshire Steam Railway

Steam and Diesel in The Cotswolds

Cheltenham Race Course - Gotherington - Winchcombe
Toddington - Hayles Abbey - Broadway

A member identified as HF63
thought one could take their car on
the train!

Even with the assistance of a
higher authority the car convoy
to the train station managed to
get lost no less than three times!

The Private Coach with a guide for all members was a nice touch.

**Lunch on
Broadway.**

**Only a selected one
managed to get
rained on!**

A remarkable demonstration of inveigling a member by Cliff. It was not recorded due to the possibility of camera interference disturbing this extraordinary session. It was later revealed this would not have been an issue.

It was rumored that Cliff went just a bit too far with his “hot seat” skills, the fire alarm of the Hotel went off for 20 minutes which necessitated the complete evacuation of all guests.

Closing remarks by Ken on a very successful Weekend Away
